

Deep Discounts

If you read the Testimonial page on my website, you know that my leads are proven to pull results, sometimes for way more than a year, so the fact that these deeply discounted leads are from the previous quarter doesn't really matter. And to improve your chances of success this list **goes to only 25 clients then is retired, Demand is high so order today.**

At this low price I'm unable to print labels so I'll put your list on a CD and rush it to you by 2-Day Priority Mail. Your leads will be **formatted to print labels automatically**. Just put blank labels in your printer, open this Word document and push your 'Print' button. **The labels will print automatically**. Or have Office Max, Office Depot or Staples, etc. do it for you. I'll also include your leads in an Excel spreadsheet for total flexibility.
